### EDUCATION

#### NIIT University

Neemrana, Rajasthan

[2022-Present] | CGPA:7.1

#### DAV Public school

Hamirpur, Himachal Pradesh

Till Senior secondary

### SKILLS

Python

Artificial Intelligence (A.I.)

Machine Learning

JavaScript

Java

html

CSS/Bootstrap

SQL

Git

Photoshop

Microsoft Suite

### Overview

Seeking an opportunity in the field of computer science that will give me an opportunity to further develop my skills, gain valuable hands-on experience, and contribute to meaningful projects. Eager to apply my knowledge and learn from experienced professionals in a dynamic work environment.

### Projects

#### To-do list maker website

Web development

<https://github.com/Abstroar/to-do>

- Created a task management website with user authentication and session management
- Integrated AJAX for real time status update

#### Pomodoro application

Python

<https://github.com/Abstroar/Pomodora>

- Implemented a time management system for work and rest intervals
- Designed to promote a scientific and systematic approach to time management

#### Blog website

Python, HTML and CSS

[https://github.com/Abstroar/abhilaksh\\_blogs](https://github.com/Abstroar/abhilaksh_blogs)

- Used html, CSS and bootstrap framework to create front-end of the website
- Used python for backend of the website to handle database

#### Breakout Attari game

Python

[https://github.com/Abstroar/Breakout\\_Atari](https://github.com/Abstroar/Breakout_Atari)

- Developed a simple Breakout game using Python's Turtle module
- Learned how to manage real-time updates, implement keyboard controls
